

# Wilderness Hotel Inari - Auroras by the Frozen Lake

**HOLIDAY TYPE:** Small Group  
**VISITING:** Finland

**BROCHURE CODE:** 22007  
**DURATION:** 4 nights

## In Brief

Wilderness Hotel Inari sits on the shores of Lake Inari and enjoys breathtaking views, Narnia-esque landscapes and wonderfully dark skies. This 4-night break includes a range of dedicated Northern lights hunts, as well as popular winter activities such as dog sledding and a reindeer encounter.

## Our Opinion

“ What immediately stood out for me when arriving at the Wilderness Hotel Inari was the spectacular location, literally on the shores of the frozen lake. It is an ideal setting for Aurora hunting as you do not have to venture far to escape light pollution. Inari itself is at the heart of Sámi culture and there are many myths and legends surrounding the Northern Lights. Having witnessed an immense display whilst on the edge of a winter wilderness, it was easy to understand why these legends exist. The dancing colours and deafening silence could certainly be considered spiritual. I just wished I'd spent more time watching the lights than fumbling around in my thick gloves trying to take a picture! ”

## Trip Overview

Lake Inari is a mystical and spiritual place, particularly for the indigenous Sámi people. Wilderness Hotel Inari is located on its shores, and it is no surprise that some otherworldly Northern Lights displays have been witnessed here, which have contributed to the legends and myths surrounding the Aurora.

Scientifically speaking the location is ideal. It is 250km above the Arctic Circle and in an area of very little light pollution. The lake freezes in winter and the vast outlook offers unobstructed views of the northern sky. These conditions contribute to spectacular Auroral displays and we have made sure to include dedicated hunting opportunities with local and knowledgeable guides.

During your holiday you will hunt the Northern Lights from the cosy warmth of a minibus or car, enjoy a peaceful snowshoe walk and visit a strategically placed Aurora camp, which is located on the southern shores of the lake.

No trip to Lapland would be complete without exploring the pristine winter landscapes which surround the hotel. Most of us have only seen snow like this on television, but in reality, nothing can

prepare you for the crispness of the air and the magnificent sea of white which stretches out on the frozen lake. This picture-perfect, winter backdrop is an ideal setting for a host of our most popular winter activities.

Your daytime activities allow you to immerse yourself in the pristine winter environment with cross-country skiing, snowmobiling, reindeer encounters, and a thrilling dog sled safari all included in the holiday.

The activities outlined will all be included in your holiday, however, the order listed in the agenda is for guidance only, and your final timetable will be confirmed on arrival.

Please note: If you are travelling over Christmas or New Year, you will enjoy a festive dinner and celebrations on the 24<sup>th</sup> and the 31<sup>st</sup> of December (traditionally in Finland, Christmas is celebrated on Christmas Eve).

## Agenda

Please note the order of activities is subject to change

DAY  
1

ARRIVAL

On arrival at Ivalo Airport, you will be met by your driver and transferred\* to Wilderness Hotel Inari. It may well be dark when you arrive so keep an eye out for any flickers of light en-route!

Following check-in, you'll enjoy an evening meal in the restaurant. Cold weather clothing will be distributed either this evening or in the morning.

The remainder of the evening is yours to spend how you wish. The location of the hotel, close to the lake, is ideal for a short stroll and given that there is very little light pollution, you may be lucky enough to be welcomed to Lapland by an Aurora display.

Please note that the order of activities listed in this agenda is provided for guidance only, your final itinerary will be provided on arrival at your accommodation.

*\*Transfers are based on a scheduled group shuttle that may stop at a few nearby hotels. If you would prefer to upgrade to private taxi transfers please ask our Travel Experts for a quotation*

**Included Meals:** Dinner

DAY  
2

## DOG SLEDDING AND AURORA HUNT BY CAR OR MINIBUS

Dog sledding is one of our guests' favourite activities, not least because of the dogs themselves, but also for the experience of crossing a pristine winter landscape some 250km north of the Arctic Circle in such a time-honoured fashion.

Today will be provided with a full safety briefing, as well as tuition on how to drive the sled before you meet the dogs. If you have a dog and have experienced their excitement when you return from work, multiply it by ten and you may begin to understand the enthusiasm of a sled dog when you arrive for the safari.

After the sled's anchor is released, the dogs will soon settle into a comfortable pace. Travelling two per sled, with one person driving and one-person sitting as a passenger, you can simply admire the serene and silent winter landscapes as they unfold before you. You can then swap over at the halfway point. The safari will last approximately 1.5 to 2 hours\* including some time at the end for you to meet with the dogs and mushers and take some photographs. Lunch will be served at the hotel either before or after the safari in the hotel restaurant.

You'll have some free time to relax during the day before dinner at the hotel. This will be followed by your first Aurora hunt with an experienced, local guide.

Your inaugural hunt for this natural light show will be in the warmth of a car or minibus. This allows you to cover greater distances and hopefully outrun any localised cloud cover. Inari has a fantastic Northern Lights record, so keep an eye out for any flickers of green in the night sky.

\* Please note that this safari is sometimes described locally as being 3 hrs in duration, but this duration includes lunch (which we include as standard in our holiday).

**Included Meals:** Breakfast, Lunch, Dinner

DAY  
3

## REINDEER FARM VISIT AND SNOWMOBILE SAFARI AND AURORA CAMP

Enjoy breakfast before getting into your cold weather clothing for another exciting day of winter fun.

Your first tour of the day will give you an insight into Lappish culture as you visit a local reindeer farm. Reindeer are synonymous with Lapland and they have contributed to the survival of the indigenous Sámi people during the long Arctic winters for generations. The tour of the farm will also include a short reindeer safari.

Next, you will enjoy a lesson in snowmobiling, which is perhaps the most effective mode of transport in this part of the world. This try out session is an ideal introduction to snowmobiling. After a safety

briefing and a driving lesson, you will follow your guide to see more of the wintery landscape. You will travel two people per machine, and you must be 18 years and over and hold a full driving licence to drive a snowmobile. The activity will last for around two hours.

During the evening you will enjoy a meal in the restaurant before embarking on a second hunt for the Aurora.

Lake Inari is an ideal location for Aurora viewing. The expansive frozen lake offers unobstructed views of the night sky and it is at the heart of the Aurora Zone. Naturally, it has a fantastic Northern Lights record and our expert guides have various Aurora camps which are set up on the lake's shores. Tonight, you will visit one of these.

Keep your eyes directed towards the night sky and search for any flickers of colour. No two displays are the same, but either way, it can be mind-blowing and entirely otherworldly. Hot drinks are included and you will travel to the camp on a sled pulled by your guide's snowmobile.

**Included Meals:** Breakfast, Lunch, Dinner

DAY  
4

## CROSS-COUNTRY SKIING AND AURORA SNOWSHOEING

One of the most popular pastimes with the Inari locals is cross-country skiing. Today it is your turn to enjoy the freedom of the local trails with a cross-country skiing lesson and a short ski trip with your guide. In total the activity will last around two hours. Should you get hooked on this sport, then equipment can be rented at the hotel if you want to explore independently.

During your free time, we highly recommend talking a walk to Inari Village which is around 45 minutes away from the hotel on foot. Here you will find some souvenir shops and local cafes to enjoy.

After this evening's dinner you shall venture out on your final Aurora hunt. You will strap on a pair of snowshoes and make your way through the peaceful wilds, with your guide leading the way to some excellent vantage points. With a little luck the lights will appear above you and bid you farewell.

**Included Meals:** Breakfast, Lunch, Dinner

DAY  
5

## DEPARTURE

Following breakfast, it is time to head home but you will have hopefully had an absolutely wonderful winter break in Finnish Lapland, with memories of a special Aurora show. You will be transferred back to the airport in preparation for your flight.

**Included Meals:** Breakfast

## Included Accommodation

Other options are available - see below for details.

### Wilderness Hotel Inari (Nights: 1-4)

Situated on Lake Inari's shores, Wilderness Hotel Inari is one of the most spectacular destinations we feature. Offering excellent levels of comfort and some serious 'wow factor', it is the latest addition to the Wilderness Hotels owned by our good friends Jouko and Mari Lappalainen.

Importantly it is also slap, bang in the middle of the world's best Aurora hunting territory and the hotel has implemented some innovative Northern Lights features to help maximise your viewing potential.

Wilderness Hotel Inari is ideally located around 40 minutes' drive from Ivalo Airport and just five minutes from Inari Village, which is the centre of Sámi culture in Finland.

There is a variety of accommodation on offer here, including cabins, Aurora cabins and hotel rooms, all of which are separate to (but within very easy reach of), the central restaurant building.

The hotel provides modern accommodation with décor which combines both comfort and charm. A huge amount of thought has gone into creating this very special place to stay.

## Hotel Facilities

- The focal point of the hotel is the main reception, bar, lounge and restaurant building. There will be gasps of delight from the moment you walk in and are confronted with exceptional views out towards the lake.
- All meals are served in the restaurant and the quality of the food has been excellent in our experience.
- Breakfast offers a continental selection of meats, breads, cheese, fish and pastries as well as hot options including bacon and eggs. There are fresh fruit and yoghurts to compliment
- A.t lunch and evening meals, an array of fresh salads and a soup is followed by a choice of two main dishes prepared by the chefs. Options will typically include some local flavours as well as international dishes. In the evening these are accompanied by a pudding. Tea, coffee and water are included in your stay and any additional drinks can be added to your bill.
- The restaurant is beautifully decorated, with local art and woodwork creating a great atmosphere. The fantastic north facing panoramic windows running the length of the room offer views out onto Lake Inari. We certainly expect a few evening meals to be abandoned as the Aurora becomes visible during dinner (the chefs get used to it)!
- The bar area is fully stocked so you can enjoy a drink with your meal or relax in the lounge area by the roaring fire.
- Free Wi-Fi is available in the main hotel building and rooms (it is less strong in the Aurora

cabins and the log cabins but 3G reception should work on your phone).

- The crowning 'Northern Lights glory' here is the glass-roofed sauna which is housed by the lake in a modified Aurora Cabin. Guests can book the sauna at the reception in hour long slots for private use (free of charge) and so if you strike lucky, you can witness the Northern Lights from inside, which is a very special experience.

## Wilderness Hotel Inari - Log Cabins

These cosy cabins are built in the traditional way, with walls constructed from huge logs and plenty of space inside. The ground floor covers 70m<sup>2</sup> and the loft area offers an additional 20m<sup>2</sup>.

On the ground floor, you'll find a spacious dining/living room, comfy seating, and a wood burning stove which can be turned to face where you are sitting. There is also the main bedroom with a queen-sized bed. There is also a kitchenette and dining area, although all your meals are provided in the restaurant. The cabins also provide free Wi-Fi although the signal is not strong in all of them. It can, however, be used in the lounge area of the main building if needed.

The bathroom and toilet (hairdryer and toiletries are provided) are also on the ground floor and the cabin comes with the luxury of a private sauna.

The loft area upstairs can accommodate three more single beds and, thanks to the pull-out sofa in the living area, the capacity of these cabins ranges from two to six people (although we would recommend a maximum of 4 adults). They are ideal for couples looking for a very romantic hideaway or for small groups of friends or family.

The cabins are between 15m and 100m from the main building.
